When I finally committed to building my own MAME cabinet so I could play classic arcade games, I decided I wanted to use an LCD monitor instead of a CRT arcade monitor.. I get a lot of requests for my Porta Pi Arcade CAD drawings They are not for sale.. But, here are some super simplistic plans I drew for those who really want to build their own mini arcade with a tight budget.

The overall size is 13 25 x 10 5 x 9 5 inches The design will fit How to make diy bar top arcade cabinet diy plans Custom arcade cabinet project - I Like to Make Stuff This small bar top arcade uses a 17" monitor with a 4:3 aspect ratio (the old non-widescreen ones) and is made from less than one sheet of 1/2" plywood.. Plans for Arcade Cabinets - to build your own is such a joy, restoration is amazing, but a fresh build in your garage/spare room is full on achievement.. I made this decision for two reasons Firstly, I had a specific place in our game room that I wanted the MAME cabinet to sit.
